

THE MOST BELIEVABLE ARCHITECTURAL STONE VENEER IN THE WORLD™

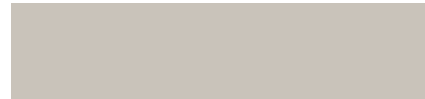

Photographic lighting conditions, installation and grout techniques vary and may affect the appearance when comparing the installed stone with the profile. Requesting samples and preparing a mock-up with the grout technique you wish to use ensures satisfaction prior to installation.

STONE PROFILE: RoughCut

STONE COLOR: Vineyard

GROUT TECHNIQUE: Standard

GROUT COLOR: To match PMS 4 U

For detailed installation instruction and finishing details visit eldoradostone.com and select "Downloads" under the "Products" menu.

For even more inspiration, order *The Allure of Permanence*, Eldorado's exquisite 160 page full color, hardbound book. Select "Request Literature" on the home page.

SPECIAL INSTALLATION INSTRUCTIONS:

Deciding where stone veneer naturally fits on a project helps to create believable projects. Completely wrap architectural elements to create believable stone structures.

The grout color specified represents a similar color palette to the stone profile shown, which will soften the contrast between stones.

When applying a standard grout technique each piece is laid 0.5" apart. A grout bag is used to fill joints with mortar and force grout into any voids. The joints are then struck back to expose the edges of each stone.
