Set in the heart of California wine country, the Breezhouse would not be complete without a wine cellar—the perfect place to feature the clean lines and elegant design of Eldorado Stone® [Oyster Cut Coarse Stone](#).

The Breezhouse is no ordinary home. It is an affordable yet upscale modular home that is not only beautiful, but environmentally friendly. Built in a state-of-the-art facility using proprietary steel framing technology, the homes require lower maintenance, and are much stronger than conventional construction. Eldorado Stone® is a wonderful complement to Blu Homes, sharing the goals of affordability, adaptability and ease of construction.
