

A modern living room with a high, vaulted ceiling featuring exposed wooden beams. The focal point is a large fireplace constructed from light-colored, rectangular stone veneer. To the right of the fireplace, a vertical column of stacked logs is visible. A fire is burning in the hearth. In the foreground, a large, round, dark wood coffee table sits on a light-colored rug. On the table are a small potted plant, a bowl of magazines, and a candle. To the left, a white sofa is partially visible. In the background, a kitchen area with light wood cabinets and a white countertop is visible, along with a large window looking out onto a green landscape.

Because Eldorado Stone replicates natural stone, variations should, and can be expected. Even though colors in this brochure are as close to the actual stone as possible, photographic and printing techniques — and actual viewing conditions — can alter perception of color. It is recommended to obtain a sample of Eldorado Stone before placing an order.

If you would like more information on prices, availability of stone, the name of your local distributor, or answers to any questions not covered in this brochure, please contact us. We would be happy to assist you with your stone building plans. Detailed installation instructions, specifications, technical information and test data is available upon request.
